**Apex Custom Homes Ltd.**  
#200, 7134 King George Blvd.  
Surrey, B.C.

Attention: Manny Bains

**Re: Letter of Commendation**

We would like to take this opportunity to show our appreciation and congratulations to you and your company with respect to the quality of the framing and structural work that has been completed to date at The Greens Townhouse project site.

We have found that the construction always meets and in many instances exceeds the minimum standards of the British Columbia Building Code, with good workmanship.

It is good to see that Apex Custom Homes is always, looking for innovative ways to improve the construction and design of their homes.
